

# Northwest Florida Surgery Center

767 Airport Road

Panama City, Florida 32405

(850) 747-0400

## Surgery Pricing

Our goal as a Health Care Business is to provide the lowest cost per procedure as possible. We have been open since 1995 and have treated more than 170,000 patients. We review each & every procedure and take our fixed cost along with staffing, supplies, etc., to come up with our fee. On an annual basis, we will review each procedure to ascertain if the cost of supplies and labor have risen or were lowered and adjust our fees accordingly. If we have signed a contract with your insurance company, we would have agreed to a fee schedule for each procedure. As such, you should be able to learn of your co-insurance & deductible fees, if any, prior to the procedure.

If you do not have insurance and are not eligible for charity, we will work with you and normally take your case for our cost only.

We are a nationally accredited facility and have been for 20 years.

“Services may be provided in this health care by the facility as well as by other health care providers who may separately bill the patient and who may not participate with the same health insurers or health maintenance organizations as the facility.”

As a patient, if you require anesthesia you will receive a separate bill. You will also receive a separate bill from your doctor and perhaps a bill from a radiologist for x-rays, a pathologist for tissue samples, if required.

Your Physician: See physician referral section of main website

During business hours, we will be more than happy to promptly provide you with a personalized estimate of the cost of your procedure.

“Patients and prospective patients may request from this facility and other health care providers a more personalized estimate of charges and other information. Patients and prospective patients should contact each health care practitioner who will provide services in the ASC to determine the health insurers and health maintenance organizations with which the health care practitioner participates as a network provider or preferred provider.”

Our knowledgeable staff will be able to tell you if our facility is part of your particular health insurance company’s network. You may contact our billing representative at (850)392-0459.

# Payment Options

The Northwest Florida Surgery Center opened on February 5, 1995. We are an ambulatory surgery center (same day).

As a patient, you may be asked to pay your co-insurance and deductible prior to surgery. If you cannot afford to pay the deductible or co-insurance, we will consider accepting monthly payments until the bill is resolved. We also use Care Credit, a company that assists with financing your procedure.

We accept most insurance, including Medicare, Medicaid, BCBS, commercial insurance, Workers Compensation, automobile insurance, Children's Medical Insurance, Vocational Rehabilitation, Crimes Compensation, etc., etc.

We will assist those in need that do not have the funds and meet the Federal Poverty guidelines for charity. You can contact us at (850) 747-0400 if you need assistance in this area. We will assist you with the application process.
